 Antagene

You can search for a dog using the "Search Box" below.
 The easiest way to do is to enter **one** word from the dog's name, or at least three characters (letters or numbers) from the Registered Name or the Call Name. Truncated names are accepted (e.g. "Moon Palace" will be found if you type "Palace"). Alternatively, enter at least six characters (letters or numbers) from a National Kennel Registration Number.

Enter Your Request:

Registered Name	Call Name	Registration Number	Sex	Certification Level
Low Country Drake	Drake	AKC SN90265902	M	PIV

[BACK TO TOP](#)

There are three level of certification available: **PIV**, **PI** and **NOPI**. These are slightly different in definition than other organizations use.
 To learn more about the CNM certification level, » [click here](#)

Titles are not indicated. If you want to read the reasons, » [click here](#)

You didn't find the dog you wanted? » [click here](#)

Note: Owners can choose to put their individual dog information wherever they desire. No other individuals have the right to use any type of CNM information without the owner's permission.
 CNM clear lists made up by other sites are in no way related to this official registry that is the only one to include all the dogs cleared by our laboratory.
